PLOT 802 CONSTITUTION AVENUE, CENTRAL BUSINESS AREA, ABUJA

ETHICS AND INTEGRITY COMPLIANCE SCORECARD (EICS) 2022

Since 2019, the Independent Corrupt Practices and Other Related Offences Commission annually deploys the Ethics and Integrity Compliance Scorecard (EICS) in Federal Government Ministries, Departments and Agencies (MDAs) to assess their compliance to extant ethical, integrity, statutory, policy and regulatory standards and practices. This is in line with the Commission's preventive mandate as provided in Section 6(b)-(d) of the Corrupt Practices and Other Related Offences Act 2000 while also reinforcing the drive to strengthen probity, accountability and transparency in public service and entities.

The goal of the EICS deployment in MDAs is to diminish corruption risks, system abuse and revive ethics and integrity benchmarks in government offices while ensuring good service delivery. The tool was deployed between April and July 2022 in 360 MDAs with special focus on the education sector in consonance with the 4th National Summit on diminishing corruption in the Public Sector themed "Reducing Corruption in the Education Sector". 252 MDAs responded and were rated according to degree of compliance. 52 MDAs who declined to respond were classified as "High Corruption Risk" (HCR) and are flagged for the attention of the public and for further inquiries and actions.

Public entities through this medium, are reminded that the deployment of the Ethics and Integrity Compliance Scorecard is vital to building good ethical structures in their organizations. They are therefore encouraged to adapt ethics and integrity compliance practices into their systems to reduce corruption in public offices and in service delivery.
