Corporate Information

I Legal Form

The Commission was established on 13th June, 2000 pursuant to the Corrupt Practices and Other Related Offences Act 2000.

The Act confers on the Commission amongst others the following duties:

- a) Where reasonable grounds exist for suspecting that any person has conspired to commit or has attempted to commit or has committed an offence under this Act or any other law prohibiting corruption, to receive and investigate any report of the conspiracy to commit, attempt to commit or the commission of such offence and, in appropriate cases, to prosecute the offenders;
- b) To examine the practices, systems and procedures of public bodies and where, in the opinion of the Commission such practices, systems or procedures aid or facilitate fraud or corruption, to direct and supervise a review of them;
- To instruct, advise and assist any officer, agency or parastatal on ways by which fraud or corruption may be eliminated or minimized by such officer, agency or parastatal;
- d) To advise heads of public bodies of any changes in practices, systems or procedures compatible with the effective discharge of the duties of the public bodies as the Commission thinks fit to reduce the likelihood or incidence of bribery, corruption and related offences;
- e) To educate the public on and against bribery, corruption and related offences; and
- f) To enlist and foster public support in combating corruption.

II Anti-Corruption Academy of Nigeria (ACAN)

With the philosophy that corruption and related crimes can be controlled through robust training and retraining that are grounded in sound policy formulation, operational efficiency, good management culture and behaviour as well communication skills required to drive a corruption-free society, the Commission has a functional and effective ICT driven Training Academy with state-of-the-art infrastructure located in a serene environment at Keffi, Nasarawa State.

Among the objectives of ACAN include, but not limited to:

- (a) To provide world class law enforcement and anti-corruption education for top professionals and administrators in the public and private sectors;
- (b) To serve as a think-tank for policy formulation and implementation in the law enforcement and anti-corruption sector;
- (c) Certify competencies of law enforcement professionals through short-duration courses, in-serve training, certificate programmes, diploma courses and post-graduate degree programmes.

Corporate Information - Commission's Chairman

Dr. Musa Adamu Aliyu, SAN Chairman, ICPC

Dr. Musa Adamu Aliyu was born on the 27th December, 1977 and hails from Birnin Kudu Local Government Area of Jigawa State. He bagged his law degree from the Bayero University, Kano, in 2003 and was called to the Nigerian Bar in 2004. He also obtained his Masters in Law degree (LLM) in Islamic Law from the Ahmadu Bello University, Zaria in 2011.

He also obtained a PhD degree in 2019 at the School of Law, Universiti Utara Malaysia in Constitutional Law with a specialization in Appointment and Discipline of Judicial officers in Nigeria.

Dr. Musa Adamu Aliyu, was conferred with the title of Senior Advocate of Nigeria (SAN) by the Chief Justice of the Federation, Hon. Justice Olukayode Ariwoola, GCON on 12th October, 2023 and sworn-in on 27th November 2023.

He started his career as a Private Legal Practitioner in Aki, P.A. & Co; Legal Practitioner, Gombe, Gombe State and later joined A. A. Umar & Co. Legal Practitioners, Kano, Kano State where he continued with practice from 2004 - 2016.

Prior to being appointed as ICPC Chairman on 17th October, 2023, he was appointed as the Attorney – General/Commissioner of Justice, Jigawa State from 2019 - 2023.

Statement of the Commission's Responsibility

The Commission is responsible for the preparation of annual financial statements which give a true and fair view of the state of affairs of the Commission and of the financial performance for the period. The responsibilities include ensuring that:

- a. appropriate internal controls are established both to safeguard the assets of the Commission and to prevent and detect fraud and other irregularities;
- b. the Commission keeps accounting records which disclose with reasonable accuracy the financial position of the Commission and which ensure that the financial statements partly comply with the Financial Reporting Council Act No. 6, 2011 and the International Public Sector Accounting Standards (IPSAS);
- c. the Commission has used appropriate accounting policies, consistently applied and supported by reasonable and prudent judgments and estimates, and that all applicable accounting standards have been followed; and
- d. it is appropriate for the financial statements to be prepared on a going concern basis unless it is presumed that the Commission will not continue to function.

The Management accepts responsibility for the annual financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgments and estimates in conformity with relevant Accounting Standards, the requirements of the International Public Sector Accounting Standard (IPSAS) and the Financial Reporting Council Act No. 6, 2011.

The Management is of the opinion that the financial statements give a true and fair view of the state of the financial affairs of the Commission and of the financial performance for the year ended 31st December, 2024.

The Management further accepts responsibility for the maintenance of accounting records that may be relied upon in the preparation of the financial statements, as well as adequate systems of financial control.

Nothing has come to the attention of the Management of the Commission to indicate that the Commission will not remain a going concern for at least twelve months from the date of this statement.

Signed on behalf of the Commission by:

Dr. Musa Adamu Aliyu

FRC/2024/PRO/DIR/003/903270 Chairman of the Commission

BN:858314

Independent Auditor's Report to the Honourable Members of the Independent Corrupt Practices and Other Related Offences Commission [ICPC]

Opinion

We have audited the accompanying financial statements of the Commission, which comprise: the statements of financial position as at 31st December 2024, the statement of financial performance and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory notes.

In our opinion, the financial statements give a true and fair view of the financial position of the Commission, as at 31st December 2024, and of the Commission's financial performance and cash flows for the year then ended in accordance with International Public Sector Accounting Standards as issued by the International Public Sector Accounting Standards Board (IPSASB), and the provisions establishing the Commission and the relevant regulations issued by the Financial Reporting Council of Nigeria.

Basis of Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities to the Audit of the Financial Statements section of our report. We are independent of the Commission in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and other independence requirements applicable to performing audits of the Commission. We have fulfilled our other ethical responsibilities in accordance with the IESBA Code, and in accordance with other ethical requirements applicable to performing the audit of the Commission. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Members of the Commission are responsible for the other information. The other information comprises the Management's Report and Corporate Governance Report which we obtained prior to the date of this report, and the Annual Report, which is expected to be made available to us after that date. Other information does not include the financial statements and auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express an audit opinion or any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Member of the Institute of Chartered Accountants of Nigeria Public Practice Section

Responsibility of the Management for the Financial Statements

The Management is responsible for the preparation and fair presentation of these financial statements in accordance with the relevant standards issued by the Financial Reporting Council of Nigeria, and for such internal control as the Management determine necessary to enable the presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of our audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the institution's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Commission.
- Conclude on the appropriateness of the Commission's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Institution's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Institution to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the institution to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the institution's audit. We remain solely responsible for our audit opinion

BN:858314

 Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the institution to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the institution's audit. We remain solely responsible for our audit opinion

We communicate with the Commission regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Commission with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Management we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

We further confirm that:

- We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
- ii. In our opinion, proper books of account have been kept by the Institution, in so far as appears from our examination of those books;
- iii. The Institution's statement of financial position and statement of financial performance are in agreement with the books of account.

INSTITUTE OF CHARTERED ACCOUNTANTS OF NIGERIA OF NIGERIA

For: Sada, Idris & Co. Chartered Accountants

Engagement Partner: Nkem Onyekawa, FCA FRC/2013/PRO/ICAN/004/00000001804

Date: 12 May, 2025

Summary of Significant Accounting Policies

The following is a summary of the significant accounting policies adopted in the preparation of the Financial Statements.

1. Basis of Accounting

The financial statements of the Commission are prepared PARTLY in accordance with the International Public Sector Accounting Standards (IPSAS) as issued by the International Public Sector Accounting Standards Board (IPSASB) and in accordance with the Financial Reporting Council of Nigeria Act 2011.

The Financial Statements have been prepared on a Historical Cost basis. There were no investment properties in form of land and buildings classified as property, plant and equipment, derivative financial instruments and available-for-sale financial assets that have been measured at fair value during the period. The carrying values of recognised assets and liabilities that are designated as hedged items in fair value hedges that would otherwise be carried at amortised cost, were not adjusted to record changes in the fair values attributable to the risks that are being hedged in effective hedge relationships as these forms of assets were not present in the Commission's assets portfolio during the period.

1.1 Statement of Compliance

The Commission's Financial Statements are prepared partly in compliance with the requirements of International Public Sector Accounting Standards (IPSAS) and in compliance with the International Public Sector Accounting Standards Board (IPSASB) and the Financial Reporting Council of Nigeria Act 2011. The financial statements are presented in Nigeria Naira, which is the functional and reporting currency of the Commission. The accounting policies have been consistently applied to all the years presented.

The financial statements have been prepared on the basis of historical cost convention, unless stated otherwise. The cash flow statement is prepared using the indirect method. The financial statements are prepared based on IPSAS accrual basis where applicable.

2. Revenue Recognition

2.1 Fees, grants and sales of boarded assets

The Commission recognizes revenues from fees, grants and sale of boarded assets [where applicable] when the event occurs and the asset recognition criteria are met. To the extent that there is a related condition attached that would give rise to a liability to repay the amount, deferred income is recognized instead of revenue. Other non- exchange revenues are recognized when it is probable that the future economic benefits or service potential associated with the asset will flow into the Commission and the fair value of the asset can be measured reliably.

Summary of Significant Accounting Policies

2.1.1 Transfers from other government entities

Revenues from non-exchange transactions [Federal Government Subventions] with other government entities are measured at fair value and recognized upon obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow into the Commission and can be measured reliably.

2.2 Revenue from exchange transactions

2.2.1 Rendering of services

The Commission recognizes revenue from rendering of services by [where applicable] reference to the stage of completion when the outcome of the transaction can be estimated reliably.

Where the contract outcome cannot be measured reliably, revenue is recognized only to the extent that the expenses incurred are recoverable.

2.2.2 Interest income

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

3. Rental Income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and included in revenue.

4. Budget Information

The annual budget is prepared on the accrual basis, that is, all planned costs and income are presented in a single statement to determine the needs of the Commission.

5. Property, Plant and Equipment

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the assets. Subsequent costs are included in the assets carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Commission and the cost can be reliably measured. When significant parts of property, plant and equipment are required to be replaced at intervals, the Commission decomponentizes the assets by recognizing such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria is satisfied. All other repairs and maintenance costs are recognized in statement of income and expenditure as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration, the asset is initially measured at its fair value.

Summary of Significant Accounting Policies

IPSAS 17 states that land and buildings are separable assets and are accounted for separately, even when they are acquired together. With some exceptions, such as quarries and sites used for landfill, land has an unlimited useful life and therefore is not depreciated. Buildings have a limited useful life and therefore are depreciable assets. An increase in the value of the land on which a building stands does not affect the determination of the depreciable amount of the building.

5.1 Depreciation of property, plant and equipment

The following rates are used in the calculation of depreciation:

	%
• Land	0
Building	2
 Motor Vehicles 	25
Office Equipment	20
Furniture & Fittings	20
Plant & Machinery	25
Library Books	10
Communication Equipment	20
Forensic Equipment	10
Security Equipment	10
Household Equipment	10
Clinic Equipment	10
Electrical Systems	20

6. Intangible Assets

The Commission has not recognized any intangible asset. Where they exist, Intangible Assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred.

The useful life of the intangible assets is assessed as either finite or indefinite.

6.1 Research and development costs

Where research and development costs exist, the Commission expenses research costs as incurred. Development costs on an individual project are recognized as intangible assets when the Commission can demonstrate:

- i) The technical and commercial feasibility of completing the asset so that the asset will be available for use or sale
- ii) Its intention to complete and its ability to use or sell the asset
- iii) How the asset will generate future economic benefits or service potential
- iv) The availability of resources to complete the asset
- v) The ability to measure reliably the expenditure during development

Summary of Significant Accounting Policies

7 Financial Instruments

7.1 Financial assets - initial recognition and measurement

Financial assets within the scope of IPSAS 29 Financial Instruments: Recognition and Measurement are classified as financial assets at fair value through surplus or deficit, loans and receivables, held-to-maturity investments or available-for-sale financial assets, as appropriate. The Commission determines the classification of its financial assets at initial recognition.

7.2 Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest method, less any impairments. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. Losses arising from impairment are recognized in the surplus or deficit.

7.3 Impairment of financial assets

The Commission assesses at each reporting date whether there is objective evidence that a financial asset is impaired. A financial asset of the Commission is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset (an incurred 'loss event') and that loss event has an impact on the estimated future cash flows of the financial asset of the Commission and can be reliably estimated. Evidence of impairment may include the following indicators:

- i The debtors of the Commission are experiencing significant financial difficulty
- ii Default or delinquency in interest or principal payments
- The probability that debtors will enter bankruptcy or other financial reorganization
- iv Observable data indicates a measurable decrease in estimated future cash flows (e.g. changes in arrears or economic conditions that correlate with defaults)

7.4 Financial liabilities

Initial recognition and measurement

Financial liabilities within the scope of IPSAS 29 are classified as financial liabilities at fair value through surplus or deficit. The Commission determines the classification of its financial liabilities at the point of initial recognition.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings, plus directly attributable transaction costs.

8 Inventories

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition.

Costs incurred in bringing each product to its present location and condition are accounted for, as follows:

Summary of Significant Accounting Policies

- i. Raw materials: purchase cost using the weighted average cost method
- ii. Finished goods and work in progress constitute cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs
- iii. After initial recognition, inventory is measured at the lower of cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or a nominal charge, that class of inventory is measured at the lower of cost and current replacement cost
- iv. Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution. Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Commission.

Inventories primarily consist of stationeries and are stated at lower of cost and net realisable value. Cost includes expenditure incurred in acquiring and transporting the inventory to its present location and condition. Costs are expensed to operating costs or capitalized to property, plant and equipment as the parts are utilised and consumed when the capitalization criteria is met.

The inventories of the Commission are as follows:

- i) Office Stationeries
- ii) Computer Consumables
- iii) Cleaning Materials
- iv) Motor Vehicles Spare Parts and Consumables
- v) 20th Anniversary Items

9 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the Commission has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

9.1 Contingent liabilities

The Commission does not recognize a contingent liability, but discloses details of any contingencies in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

9.2 Contingent assets

The Commission does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent upon the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Commission in the notes to the financial statements.

Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

Summary of Significant Accounting Policies

10 Nature and Purpose of Reserves

The Commission creates and maintains reserves in terms of specific requirements. Commission states the reserves maintained and appropriate policies adopted.

11 Changes in Accounting Policies and Estimates

The Commission recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical or will create accounting mismatch.

12 Employee Benefits

12.1 Retirement benefit plans

The Commission provides retirement benefits for its employees. Defined contribution plans are post employment benefit plans under which the Commission pays fixed contributions into a separate funds, and will have no obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods.

12.2 Related parties

The Commission regards a related party as a person or an Institution with the ability to exert control individually or jointly, or to exercise significant influence over the Commission, or vice versa. Members of the Commission are regarded as related parties and comprise the Chairman, members, Secretary etc.

13 Cash and Cash Equivalents

Cash and cash equivalents comprise cash in hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Nigeria and at other commercial banks at the end of the financial year.

14 Comparative Figures

Where necessary, comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

15 Significant Judgments and Sources of Estimation Uncertainty

The preparation of The Commission's financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amounts of the assets or liabilities affected in future periods.

Summary of Significant Accounting Policies

16 Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation of uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Commission based its assumptions and estimates on parameters available when the financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market developments or circumstances which may arise and are beyond the control of the Commission. Such changes are reflected in the assumptions when they occur.

17 Useful Lives and Residual Values

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- i. The condition of the asset based on the assessment of experts employed by the Commission
- ii. The nature of the asset, its susceptibility and adaptability to changes in technology and processes
- iii. The nature of the processes in which the asset is deployed.
- iv. Availability of funding to replace the asset.
- v. Changes in the market in relation to the asset.

18 Provisions

Provisions were raised and management determined an estimate based on the information available.

Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date, and are discounted to present value where the effect is material.

The increase in the rehabilitation provision due to passage of time is recognized as finance cost in the statement of financial performance.

19 Subsequent Events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended 31st December, 2024.

20 Impairment of Assets

Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

21 Receivables

Debtors are stated without any specific provision for any debt considered bad/doubtful.

22 Repairs and Maintenance

Repairs and Maintenance are written off as incurred.

Summary of Significant Accounting Policies

- Government Financial Support
 Capital and Recurrent Grants provided by the Government are recorded only when received. Capital grants are directly treated as part of the Federal Government Account with the Commission whereas Recurrent Grants are credited to Income and Expenditure Account.
- 24 Internally Generated Revenue and Recurrent Expenditure
 Internally Generated Revenue is recognized when payment is received, after billing is reasonably ascertained. Recurrent Expenses are recorded on an accrual basis.
